

INTRODUCING THE NEW SRM MOBILE APP

Learn more at SRMCat.com

CUSTOMIZED FEATURES JUST RIGHT FOR YOUR BUSINESS

| | |
|--|--|
| <p>Push Weather Notifications</p> | <p>From hurricane tracking with potential property impacts to regional rain events, wildfires, polar vortex reports, and more, this app will allow you to receive customized weather alerts right to your cell phone.</p> |
| <p>News, Tips, and Resources</p> | <p>While many restoration contractors claim they act as a partner to their clients, SRM is the only restoration provider who works in complete partnership. This app brings you the most current resources to help your business minimize business interruption.</p> |
| <p>Easier Way To Submit Property Losses</p> | <p>With a push to dial button, you will never have to worry about finding our number again. Tap on the emergency button on the bottom right corner of the screen and you will automatically connect with our emergency SRM call center.</p> |
